NATIONAL Workforce SUMMIT

Mark, Primary Health care director,
at the summit in Brisbane.

Mark and Daria attended the NACCHO National Workforce summit 2-day event held in Brisbane, the summit was designed to help ACCHOS identify care workforce challenges and opportunities to increase their workforce capacity. They participated in different workshops and collaborated with other ACCHO staff to brainstorm ideas that they could use in their workplace.

RECONCILIATION AUSTRALIA

HEALTH UPDATES!

TRANSITION UPDATE

Red Lily Health and NT Health continue with discussions around the next transitions of services. These include:

Management of outreach clinical services

We are planning to transition some of the Outreach services in the latter half of 2023 and early next year.

Medical services for Warruwi, Jabiru and Gunbalanya

Red Lily have an arrangement with NT Health for a Doctor at Minjilang and have continued discussions with NT Health regarding Doctors for Warruwi, Jabiru and Gunbalanya.

There have been many difficulties in recruitment of doctors all around Australia but particularly with remote service provision.

Jabiru Health Centre

The new Health Centre should be completed towards the end of 2023 and transition will take place by April 2024, following a period of 'bedding in' of the building.

Gunbalanya Health Centre

The new building development has been enhanced by an NTG announcement that \$20 million will be allocated for the building. We are expecting that the allocation will be formalised in the upcoming NTG budget in May 2023. This will then allow Red Lily to plan for a date to transition the services based from Gunbalanya. This has been a long-awaited allocation of funds and will be welcomed by all residents of the area and all stakeholders.

GP at Minjilang

Welcome!

Dr Brad, our Red Lily GP will be travelling out to Minjilang to provide health care services at the Minjilang clinic weekly.

New staff

My name is Hetal, I joined Red Lily on 11.04.23 and I am very excited to be part of this organisation and am very grateful to be here.

Before I joined Red Lily, I was working with Northern Territory Government – Department of Territory Families, Housing and Communities.

My passion to do something for the community has landed me here with Red Lily and I am hoping I can contribute to Red Lily's mission to improve the health and wellbeing of communities in some way.

I live in Darwin with my family – my husband and my son. Two rocks of my life; providing me purpose to live my daily life and making me feel special every day.

We arrived in Darwin in 2006 and have loved living here ever since. I have grown up in a big family; most of them are in India.

I love cooking and feeding people.

I was volunteering as a scorer with local cricket clubs a couple of years ago, while my son was playing cricket.

In my spare time, I watch cricket with my family.
